Astha Arya

ABOUT ME

Computer Science & Engineering student with a 9.55/10 CGPA and hands-on experience in AI/NLP, data analysis, web development, and software development. Skilled in Python, C++, Java, SQL, Excel, and Tableau, with strong foundations in DSA and databases.

EDUCATION

Dayananda Sagar College of Engineering (DSCE), Bengaluru, Expected in 07/2028

Bachelor of Engineering (B.E.) in Computer Science & Engineering

- **Cumulative CGPA:** 9.55 / 10 (First 4 Semesters)
- **Key Coursework:** Data Structures & Algorithms, Database Management Systems (DBMS), Web Development, Software Engineering.

SKILLS

- **Programming Languages:** C++, Java, Python, SQL, JavaScript
- **Web Development:** HTML, CSS, Flask, REST APIs
- **Analytical & Visualization Tools:** Microsoft Excel, Tableau, Pivot Tables, Pivot Charts
- **Developer Tools:** Git, GitHub
- **Core CS:** Data Structures & Algorithms, Database Management Systems, Operating Systems

CERTIFICATIONS

- Introduction to Data Analytics - IBM | Coursera
- Excel Basics for Data Analysis - IBM | Coursera
- Data Visualization & Dashboards with Excel and Cognos - IBM | Coursera
- Python for Data Science, AI, & Development - IBM | Coursera
- Databases and SQL for Data Science with Python - IBM | Coursera

PROJECTS

- **Resume Analyzer:** AI/NLP-based application built with Python and Flask that uses NLP and semantic similarity to compare resumes with job descriptions, identify relevant skills, calculate match scores, and highlight skill gaps.
- **Walmart Retail Sales Analysis | Tableau:** Analyzed 6,435 weekly sales records across 45 stores and built interactive Tableau dashboards to identify sales trends, store performance, seasonality, and holiday effects.
- **Excel Data Analysis Projects:** Analyzed fleet inventory and car sales datasets using Excel, Pivot Tables, and Pivot Charts to examine inventory patterns, dealer performance, sales quantity, and profitability.
- **Weather Insight:** Real-time weather application using the OpenWeather API to retrieve and display weather information for selected locations through a responsive interface.
- **FamilyCart:** E-commerce website featuring user authentication, product browsing, cart management, and order processing, with Google Sheets integration for customer and order data.
